Figure 1: Dimensions of the camera module. The figure consists of three views: a top view, a side view, and a front view. The top view shows a square module with a central lens area, four corner screws, and two side ports labeled CL1 and CL2. Dimensions include 19mm, 31mm, 13mm, 19.2mm, 42mm, and 30.1mm. The side view shows the module's profile with dimensions 8mm, 5.7mm, 42mm, 6.4mm, and 12mm (IN AIR). The front view shows the lens and sensor area with dimensions 62mm, 54mm, and 4mm. Labels include 'Status', 'Power', 'CL1', 'CL2', 'Image Plane', 'M42x1-6H 1/6', and '4-M4 5'.

A technical diagram of a circular mechanical component, likely a valve or a connector. The diagram shows a cross-section with several internal features. Numbered callouts point to the following parts:

- 1: The outermost circular flange or housing.
- 2: The inner circular component, possibly a valve seat or a plug.
- 3: A small circular feature, possibly a pin or a screw head, located near the bottom center.
- 4: A small circular feature, possibly a pin or a screw head, located near the top center.
- 5: A small circular feature, possibly a pin or a screw head, located on the right side.
- 6: A small circular feature, possibly a pin or a screw head, located on the left side.
